4 NANOSONICS' SHARE OWNERSHIP POLICY

4.1 Policy participation and requirements

The Policy requires KMP to establish and maintain minimum specified levels of share ownership as follows:

- a) Each Executive KMP must establish a level of share ownership equivalent to one times their previous financial year's base salary.
- b) Each Non-executive director KMP must establish a level of share ownership equivalent to the value of their previous financial year's annual director fees (excluding any Committee fees).

4.2 Timeline for achieving the minimum specified levels of share ownership

Each Participant must comply with the minimum specified level of share ownership within 4 years of their commencement or appointment (the **Four Year Accumulation Period**).

4.3 Determination of required share ownership

The minimum level of share ownership required to be held to comply with this Policy will be calculated effective 30 June each year and advised to each Participant. The minimum level of share ownership required for KMP will be calculated using the following formulas:

- a) Executive KMP = base salary for previous year / Share Price.
- b) Non-executive director KMP = annual fees for previous year (excluding any Committee fees) / Share Price.

For the purposes of determining the minimum level of share ownership required, the shares will be valued at the higher of Share Price, the price originally paid for the shares when they were acquired, or the price at the time of vesting.

4.4 Shares that are counted

Shares that count towards the minimum level of share ownership include vested but unexercised securities and shares held directly, or indirectly as the beneficial owner, by the KMP.

4.5 Reporting and monitoring

Each year, following the release of the Company's financial statements, the Company Secretary will review the share ownership holding of each KMP and determine compliance of each KMP with the terms of this Policy.

The Company Secretary will provide a report to each KMP advising how they compare to the minimum level of share ownership required pursuant to this Policy.

4.6 Compliance with the Policy

Once the minimum level of share ownership is achieved by a KMP, that minimum must be maintained for as long as the KMP is subject to this Policy (unless an exemption is granted pursuant to section 4.7 of this Policy below).

If the KMP moves to a part-time role where their base salary is proportionately adjusted, the required holding will be pro-rated accordingly.

4.7 Exemptions

If a KMP is unable to comply with this Policy in a given year after the Four Year Accumulation Period:

- a) the KMP must submit a request in writing to the Company Secretary which summarises the circumstances and describes the extent to which an exemption from the Policy is being requested; and
- b) the Company Secretary will then review this request with the Chairman and the Managing Director and an appropriate course of action will be agreed with the KMP.

The Board will have a general discretion in relation to the enforcement of this Policy taking into account an individual's circumstances, any material changes to the Company's share price and any other relevant matter.

5 COMPLIANCE

This Policy will be administered by the Company Secretary who is responsible for monitoring compliance with this policy. The Company Secretary will advise the Board of any material non-compliances identified.
